

# Rebuilding the Base

Suitable  
for all  
school  
staff and  
family  
workers

**Turning attachment theory  
into practice**

**This one-day workshop builds on the theory delivered in ‘Securing the Base’ (please attend this course first).**

This workshop will explore creative and practical ways in which you can begin to meet the needs of children with inadequate attachments in the school environment. We will look at systems and structure within the school as well as practical activities to carry out with children. The activities will be experiential so come prepared to participate. There will also be an opportunity to work on some cases so come with a child in mind.

Bridget Sheehan is the creator of the Th.Inc.Room approach. She is an experienced teacher, therapist, supervisor and trainer.

Katy Beetham is a play therapist and supervisor. She runs her own private practice, is one of eQe’s consultants and is a trainer for Play Therapy UK.
