

“Where do you think you’re going?!”

Direction Decisions Destination – Do it

Situation Analysis ability, **Decision Making** ability, **Effective Strategy and Implementation** - These make or break organisations and managers.

In this introductory seminar you will gain insight and experience of some of the tools available in modern senior management, to immediately begin the process of taking control as managers, and making (not breaking) your organisation:

- Situation Analysis techniques
- Identifying issues and strategic options
- Strategic planning and implementation

Areas that will benefit:

- Your full understanding of your situation
- Where you /your school is going
- Where you /your school should be going
- How to get there and love the journey

Most recently Director of Europe, Middle East and Africa for a \$0.5 Billion multinational software company, **Robin Sheehan** is an experienced MBA qualified senior manager with special focus on strategy. He has been in Director and Senior Manager positions for 16 years. Robin is currently a Director for Global MapAid. He is also a trained Secondary Science teacher, a Forest Schools Practitioner, and Director of Outdoor Learning for **eQe OUTDOORS**.
