

Work Smarter ...Manage Better

Suitable
for staff in
leadership
positions

Taking control, making decisions and problem solving

Problem solving ability, **Decision Making** ability, good **Strategic Management** – These increase our control over work and work situations.

In this introductory seminar you will gain insight into and experience of some of the tools available in modern senior management, to immediately begin the process of being more in control:

- Strategic Decision Making techniques
- Creative Problem Solving techniques
- Some principals of managing people
- Leadership

Areas that will benefit include:

- Your handling of workloads and pressure
- Staff direction and effectiveness
- Sickness absence through stress
- Ultimately, pupils' educational experience

“I led a Creative Problem Solving session with the SLT and it was very productive – thanks again for such a great course!”

- Deputy Head

Most recently Director for Europe, Middle East and Africa for a \$0.5 Billion multinational software company, Robin Sheehan is an experienced MBA qualified senior manager with special focus on strategy.
